REASONS FOR ALLOWANCE

1. Claims 27-36 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 27-30 are allowable because none of the prior art discloses an apparatus comprising a voltage controller configured to selectively provide a voltage to each of a plurality of portions of a resistive element according to a position of a contact element relative to the resistive element, and in the combination as claimed.

Claims 31-33 are allowable because none of the prior art discloses an apparatus comprising a contact element positionable on a second surface for providing a second voltage to the resistive element; an intermediate lead between a pair of leads and configured to detect a voltage, and in the combination as claimed.

Claims 34-36 are allowable because none of the prior art discloses an apparatus comprising a sensor having a resistive element electrically connected to a second plurality of leads at locations intermediate to a first plurality of leads configured to provide a second voltage, and in the combination as claimed.
